[TA-W-30,216]

AEG Transportation Systems; Pittsburgh, Pennsylvania; Revised Determination on Reconsideration

On January 24, 1995, the Department issued an Affirmative Determination Regarding Application for Reconsideration for workers and former workers of the subject firm. The notice will soon be published in the **Federal Register**.

New findings on reconsideration show that the subject firm lost a major bid for the construction of a rapid transit project to a Japanese firm. The loss of this contract contributed importantly to the layoff of personnel in 1993 and 1994 and to decreased sales and production in 1994.

Other findings show decreased production in 1993 compared to 1992 and decreased sales in the first six months of 1994 compared to the same period in 1993. Average employment declined in 1993 compared to 1992 and in the first six months of 1994 compared to the same period in 1993.

Conclusion

After careful consideration of the new facts obtained on reconsideration, it is concluded that workers and former workers of AEG Transportation Systems, Inc., Pittsburgh, Pennsylvania were adversely affected by increased imports of articles that are like or directly competitive with transit vehicle systems and related equipment.

In accordance with the provisions of the Act, I make the following revised determination for workers of AEG Transportation Systems, Inc., in Pittsburgh, Pennsylvania.

All workers of AEG Transportation Systems, Inc., in Pittsburgh, Pennsylvania who became totally or partially separated from employment on or after August 4, 1993 are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

Signed at Washington, D.C., this 2nd day of February 1995.
